The Contractor may terminate this Agreement upon written notice for the breach by MUSL if such breach is not cured, provided that a cure is feasible, within the timeframe for cure set forth in the written notice of breach by the Contractor. Breach events include MUSL's breach of this Agreement or MUSL's failure to pay as set forth in this Agreement.

- 6. Termination for Convenience.** MUSL may terminate the contract upon issuing a 30-day notice, paying compensation only for good and valuable product and services received, as determined by MUSL.

any lottery prize, or

h. if during the course of this Agreement any action by the Contractor interferes with MUSL's relationship with its membership or any multi-jurisdictional game it supports.

If cancellation occurs for any of the causes set forth above, MUSL shall have no further obligation to the Contractor other than payment for services rendered and materials provided prior to cancellation. Payment will be made only upon submission of invoices and proper proof of the Contractor's claim. This provision in no way limits the remedies available to MUSL in the event of a termination under this provision.

7. No Release of Obligation. The expiration or termination of this Agreement for any cause shall not release Contractor from:

- a. Any obligations and duties remaining under any order accepted by the Contractor prior to such expiration or termination; or
- b. Any liability which at the time of expiration or termination has already accrued to the other party, or, which thereafter may accrue in respect to any event prior to expiration or termination; or

- iv. Any claim, demand, action, citation or legal proceeding resulting from an act or omission of Contractor or any of its subcontractors in its or their capacity as an employer of a person.

These indemnification clauses shall not apply to the extent, if any, that such death, bodily injury, property damage, or other damages are caused by the gross negligence or reckless or intentional wrongful conduct of MUSL.

b. Patent / Copyright / Trademark / License Infringement Indemnification

Contractor shall indemnify, defend and hold harmless MUSL, its Members and their jurisdictions, and their departments, divisions, agencies, sections, commissions, officers, employees and agents from and against all losses, liabilities, damages (including taxes), and all related costs and expenses (including reasonable attorneys' fees and disbursements and costs of investigation, litigation, settlement, judgments, interest and penalties) incurred in connection with any action or proceeding threatened or brought to the extent that such action or proceeding is based on a claim that any piece of equipment, software, commodity or service supplied by Contractor or its subcontractors, or the operation of such equipment, software, commodity or service, or the use or reproduction of any documentation provided with such equipment, software, commodity or service infringes any United States or foreign patent, copyright, trademark, license, trade secret or other proprietary right of any person or entity, which right is enforceable under the laws of the United States.

The purchase or non-purchase of such insurance or the involvement of Contractor in any legal or equitable defense of any action brought against Contractor based upon work performed pursuant to the contract will not waive any defense which MUSL, its Members and their individual jurisdictions, and any agency, officer and/or employee or agent might otherwise have against such claims, specifically including the defense of sovereign immunity where applicable, and MUSL, its Members and their individual jurisdictions, and any agency, officer and/or employee or agent thereof shall not be financially responsible for the consequences of work performed, pursuant to said contract.

- b. **General Liability Insurance** coverage with limits of not less than \$2,000,000 for injury to any one person, \$2,000,000 for any one occurrence of personal injury and \$2,000,000 for any one occurrence of property damage.

MUSL shall be named as an additional insured on this policy.
- f. **Workers' Compensation Insurance** as required by law.

14. No use of MUSL or member Intellectual Property. Contractor agrees not to use MUSL's or any member lottery's name, logos, images, nor any data or results arising from this procurement process or contract as a part of any commercial advertising without prior written approval by MUSL.

15. Sensitive Operation.

15.1 MUSL is an extremely sensitive enterprise because of the nature of the business and because it is government operated. Therefore, it is essential that its operation, and the operation of other enterprises that would be linked to it in the public mind, avoid not only impropriety but also the appearance of impropriety. Because of these concerns, Contractor is expected to:

- a. Offer goods and services only of the highest standards.
- b. Use its best efforts to uphold the integrity of MUSL and its member lotteries and prevent the Lottery industry from becoming embroiled in unfavorable publicity.
- c. Avoid promotional activities which could be interpreted as improper and produce embarrassment to MUSL and its member lotteries.
- d. Report discovered security problems only to MUSL.

15.2 Security Reporting. Contractor and Contractor's employees and any subcontractors or subcontractor employees must comply with any and all confidentiality and security requirements of the RFP, its response, this Agreement, and those implemented at MUSL sites.

Except as required by law, Contractor shall immediately report all suspected or known security incidents or concerns directly to MUSL's Project Lead. The Project Lead will evaluate and act on such matters in accordance with MUSL's incident reporting policy and procedures.

Failure to follow these requirements may constitute cause for termination of this Agreement at the sole determination of MUSL and as per the Indemnification provisions, Contractor shall be liable for any actual damages caused by failure to follow these requirements. Contractor is responsible for assuring their respective personnel are in compliance with these requirements.

Contractor may must submit the Code of Conduct and/or Code of Ethics it requires of its employees for review by MUSL. If acceptable, adherence to the same by Contractor, and subcontractors (if any) shall be required. Contractor's employment handbook and are sufficient to comply with MUSL's security requirements and by reference are made a part of this Agreement.

16. Liquidated Damages. Contractor and the MUSL hereby acknowledge and agree to the following:

- 1) if Contractor does not provide or perform the requirements referred to or listed in this Agreement, damage to MUSL will result;
- 2) establishing the precise measure of MUSL’s damages in the event of default by Contractor may be costly, time consuming, or difficult or impossible to accurately estimate or calculate;
- 3) the liquidated damages amounts set forth in this section represent a good faith effort to quantify the damages that could reasonably be anticipated at the time of execution of this Agreement;
- 4) the damages set forth herein are just and reasonable;
- 5) nothing contained in this section shall be construed as relieving Contractor from performing all contractual requirements as set forth in its Proposal and as required by this Agreement and the RFP, whether or not the requirements are set forth herein;
- 6) it is the Parties’ mutual intention that this section provide for liquidated damages to compensate the MUSL upon the occurrence of such an event, rather than penalties to deter Contractor from breaching this Agreement and/or to punish Contractor upon the occurrence of such an event; and,
- 7) MUSL may therefore in its sole discretion, deduct damages from the compensation otherwise due to Contractor. All assessments of damages shall be within the sole discretion of the MUSL.

(a) Liquidated Damages Assessment. Once MUSL has determined that liquidated damages are to be assessed, MUSL shall notify Contractor of the assessment(s). Failure to notify does not impact MUSL’s assessment of damage and is not a condition precedent thereto. MUSL will withhold liquidated damages from payments to Contractor, or, if no payments have been made, MUSL will make demand of payment of liquidated damages. The Contractor must make payment within thirty (30) days of MUSL’s demand.

In the event the Contractor fails to pay within the thirty (30) day period, MUSL may make a claim for payment from the bonds, insurance or lines of credit proffered by Contractor under this Agreement, or MUSL may seek payment directly from Contractor in the event such bonds, insurance or lines of credit are insufficient or no longer available.

(b) Failure to Assess Liquidated Damages. The failure of MUSL to assess liquidated damages in any instance where the MUSL is entitled to liquidated damages pursuant to the terms of this Agreement shall not constitute waiver in any fashion of the MUSL’s rights to assessment of liquidated damages.

16.1 Severability of Individual Liquidated Damages Clauses.

If any portion of this liquidated damages provision is determined to be unenforceable, the other portions of this provision shall remain in full force and effect.

16.2 Specific Liquidated Damages.

(a) Failure to Maintain Confidentiality. Should Contractor fail to adhere to the Confidentiality provisions of this Agreement at any time, whether prior to the completion of Contractor services and deliverables under this Agreement or at any time thereafter, Contractor may be assessed liquidated damages in an amount up to \$100,000 per incident.

(b) Failure to Return Confidential Information. Should Contractor fail to return all documents and things pertaining to the Project or confidential information provided by MUSL at the termination of this Agreement, Contractor may be assessed liquidated damages in an amount up to \$50,000 per incident.

17. Approvals Required. MUSL must approve all employees, subcontractors or agents involved with performance of the contract.

18. Notification of Substantial Change Required. If Contractor experiences a substantial change in financial condition during the term of a contract with MUSL, then MUSL must be notified in writing at the time the change occurs or is identified. A "substantial change" in financial condition is defined as any event that, following generally accepted accounting practices, would require a notation in the audited annual report. Failure to notify MUSL of such a change may result in termination of the contract.

19. Force Majeure. A Force Majeure occurrence is an event or effect that cannot be reasonably anticipated or controlled. As herein used, Force Majeure means acts of war; terrorism; action of the elements; governmental interference; rationing; or any other cause which is beyond the control of the party affected and which, by the exercise of reasonable diligence, said party is unable to prevent.

Neither Contractor nor MUSL shall be liable to the other for any delay in or failure of performance under the contract of Contractor due to a Force Majeure occurrence. Any such delay in or failure of performance shall not constitute default or give rise to any liability for damages. The existence of such causes of such delay or failure shall extend the period for performance to such extent as determined by MUSL to be necessary to enable complete performance by Contractor if reasonable diligence is exercised after the cause of delay or failure has been removed.

If Force Majeure conditions shall be expected to continue unabated for an indefinite period and Contractor cannot service the contract, MUSL retains the right to operate the System and/or to terminate the contract so that business continuity can be restored.

20. Contractor Not Employee or Agent of MUSL. The Contractor, its employees, agents, or subcontractors performing under this agreement are not employees or agents of MUSL or MUSL members, but is an independent contractor performing pursuant to the terms of this agreement.

21. Choice of Forum. The laws of the State of Iowa shall govern and determine all matters arising out of or in connection with this agreement. In the event that any proceeding of a quasi-judicial or judicial nature is brought to determine any matter arising out of or in connection with this agreement, such proceeding must be brought in Polk County District Court for the State of Iowa or in Federal District Court for the Southern District of Iowa in Polk County, Iowa.

22. Severance. If any provision of this agreement is held to be invalid or unenforceable, the remainder shall remain valid and enforceable.
